Subpart B—Safety and Soundness Rules Governing Insured State Nonmember Banks

§ 362.6 Purpose and scope.

This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter apply to certain banking practices that may have adverse effects on the safety and soundness of insured state nonmember banks. The FDIC intends to allow insured state nonmember banks and their subsidiaries to undertake only safe and sound activities and investments that would not present a significant risk to the deposit insurance fund and that are consistent with the purposes of Federal deposit insurance and other law. The following standards shall apply for insured state nonmember banks to conduct real estate investment activities through a subsidiary if those activities are permissible for a national bank subsidiary but are not permissible for the national bank parent itself. Additionally, the following standards shall apply to affiliates of insured state nonmember banks that are not affiliated with a bank holding company if those affiliates engage in the public sale, distribution or underwriting of stocks, bonds, debentures, notes or other securities.

§ 362.7 Definitions.

For the purposes of this subpart, the following definitions apply:

(a) *Affiliate* shall mean any company that directly or indirectly, through one or more intermediaries, controls or is under common control with an insured state nonmember bank, but does not include a subsidiary of an insured state nonmember bank.

(b) *Activity, company, control, equity security, insured state nonmember bank, real estate investment activity, security, and subsidiary* have the same meaning as provided in subpart A of this part.

§ 362.8 Restrictions on activities of insured state nonmember banks.

(a) *Real estate investment activities by subsidiaries of insured state nonmember banks.* The FDIC has found that real estate investment activities may have adverse effects on the safety and soundness of insured state nonmember banks. Notwithstanding any interpretations, orders, circulars or official bulletins issued by the Office of the Comptroller of the Currency regarding activities permissible for subsidiaries of a national bank that are not permissible for the parent national bank itself under 12 CFR 5.34(f), insured state nonmember banks may not establish or acquire a subsidiary that engages in such real estate investment activities unless the insured state nonmember bank:

(1) Has an approval previously granted by the FDIC and continues to meet the conditions and restrictions of the approval; or

(2) Meets the requirements for engaging in real estate investment activities as set forth in § 362.4(b)(5), and submits a corresponding notice in compliance with § 303.121 of this chapter and the FDIC processes the notice without objection under § 303.122(a) of this chapter; or submits an application in compliance with § 303.121 of this chapter and the FDIC grants its consent under the procedure in § 303.122(b) of this chapter.

(b) *Affiliation with securities companies.* The FDIC has found that an unrestricted affiliation between an insured state nonmember bank and a securities company may have adverse effects on the safety and soundness of insured state nonmember banks. An insured state nonmember bank which is affiliated with a company that is not treated as a bank holding company pursuant to section 4(f) of the Bank Holding Company Act (12 U.S.C. 1843(f)) is prohibited from becoming or remaining affiliated with any company that directly engages in the public sale, distribution or underwriting of stocks, bonds, debentures, notes, or other securities which is not permissible for a national bank unless it submits an application in compliance with § 303.121 of this chapter and the FDIC grants its consent under the procedure in § 303.122(b) of this chapter, or:
